The Convocation ceremony (the calling together of the academic assembly) has its roots in university traditions of medieval Europe.

The Mace

The mace is a staff symbolizing authority. In the days of knighthood, it was a weapon, but after the 16th century it became solely a symbol of authority carried by a distinguished member of an assembly. It is used on ceremonial occasions to signify the right of an individual or institution to perform a certain function—in the case of universities, to grant degrees.

At Convocation, the mace is carried ahead of the Chancellor as she enters and leaves each ceremony. (Marshal of Convocation H.H.J. Nesbitt has performed this function for all but one of the University's Convocations.) During the ceremony the mace is displayed on a special stand as an embodiment of the authority of the University.

Carleton's mace was presented to the University in 1976 as a gift from the Chair of the Board of Governors at that time, Mr. Hyman Soloway. It is a silver-plated staff approximately three feet long. At the upper end there is a bowl marked with the University's coat of arms and the University motto in both Latin and English—"Opera Nobis Aeterna" and "Ours the Task Eternal." From the upper portion of the bowl rises a phoenix. Traditional oak leaves surround the lower end of the staff.

Coat of Arms

Carleton University's coat of arms is described in heraldic terms as follows: "On a field sable; in radiants d'argent, a maple leaf gules charged with an open book; crest—a phoenix propre." It is comprised of a black shield bearing an open book on a red maple leaf surrounded by silver rays. The shield is surmounted by a phoenix, and below the shield is a scroll bearing the motto "Ours the Task Eternal."

The open book on the maple leaf signifies that Carleton University is in the nation's capital and that learning is open to all who wish to partake of it. The radiants are the light of learning. The phoenix, the legendary eternal bird, symbolizes the renewing of learning from older foundations, in recognition of Henry Marshall Tory's role in the founding of the University when he was 82 years old. "Ours the Task Eternal" is taken from a Walt Whitman poem entitled "Pioneers" and ties in with the eternal quality of the phoenix.

And so, the Carleton University coat of arms symbolizes sound learning, good citizenship, and the highest hopes of humanity.

The Diploma

The diploma the graduates receive at Convocation is the certificate of qualification which publishes the fact that the student has fulfilled all the requirements and completed the prescribed course of study for the degree. As the senior academic legislative body of the University, it is the Senate which has determined whether the requirements have been met. The signatures of both the Chancellor and the President of the University appear on the diploma: the Chancellor because of her role in conferring the degree, and the President who, as Chair of Senate, certifies that Senate has enacted the required motion to award the degree. The Seal of the University is affixed to the diploma as a mark of authentication.

Academic Dress

The academic dress of Carleton University is a compromise between that found in the ancient foundations of Britain and Canada and the American Intercollegiate Code. All three hoods—bachelor's, master's, and doctor's — are of the simple or Oxford shape. Bachelor's is made of black stuff; master's and doctor's are made of black silk and all are lined with silver silk with two

chevrons, one of red and one of black. From bachelor's to doctor's the hoods are progressively longer and opened to show more and more of the lining.

The velvet border of the hoods denotes the degrees granted according to the following colour combinations: architecture is cerise; arts is white; commerce is camel brown; computer science is royal blue; engineering is orange; industrial design is dark cardinal; journalism is white with a black cord sewn slightly in from the lower border; management studies is camel brown with a black cord sewn slightly in from the lower border; music is venetian pink; public administration is peacock blue; science is golden yellow; social work is cream; and doctor of philosophy is purple.

The bachelor's gown, to be worn with the above hoods, is of full length, made of black stuff, with a gathered yolk behind, and long open-fronted sleeves. The master's gown is of full style, made of black silk or rayon, with full gathered yolk behind, and closed sleeves with an opening at the elbows. The doctoral gown is the same style as the master's, made of fine royal blue cloth with facings of light blue silk.

The gown of the Honorary Doctor of Laws, Literature, Science, and Engineering is a full robe with bell-shaped sleeves, made of fine royal blue cloth with facings and sleeves in light blue silk. The hood is made of the same material as the gown, has the same lining as that for degrees by examination, and is bordered with dark mauve for the degree Doctor of Laws; vibrant blue for the degree Doctor of Literature; red for the degree Doctor of Science; and orange for the degree Doctor of Engineering.

The Presiding Officer of Convocation is the Chancellor,
Pauline Jewett, M.A., Ph.D., LL.D.

Accompanying her on the podium are Samuel F. Hughes, Chair of the Board of Governors, and Robin H. Farquhar, M.A., Ph.D, F.C.C.E.A., President and Vice-Chancellor.

O Canada

O Canada! Our home and native land!
True patriot love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
We stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee.

O Canada

O Canada! Our home and native land!
True patriot love in all thy sons command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
We stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee.

Chil-Yong Kang

Dr. Chil-Yong Kang, Professor and Chair of the Department of Microbiology and Immunology, Faculty of Medicine, University of Ottawa, will be awarded the degree of Doctor of Science, *honoris causa*, at the morning ceremony on Sunday, November 17, "in recognition of a distinguished contribution to the field of virology, particularly focused on research aimed at controlling one of the most frightening diseases of our time."

Kang received his PhD in virology at McMaster University, and went on to post doctoral research at the University of Wisconsin. He worked there with his mentor H. M. Temin, who was awarded the Nobel Prize for Medicine in 1975. Kang then joined the University of Texas Southwestern Medical School first as an assistant, then as an associate professor for eight years, and in 1982 moved to the University of Ottawa as Chair of the Department of Microbiology and Immunology. He is also Director of the university's Biotechnology Research Institute and Honorary Professor of the Chinese Academy of Preventive Medicine in Beijing. His research has centered primarily on the human hepatitis B virus, respiratory tract infections in young children, haemorrhagic fever and most recently, an AIDS vaccine. Kang has published over 100 articles based on his research. He also holds a Diploma of Veterinary Science from Malling College in Denmark and an honorary BSA in Animal Science from Kon-Kuk University in Korea.

Francess Georgina Halpenny

Francess Georgina Halpenny, Professor Emeritus of Library and Information Science, University of Toronto, will be awarded the degree of Doctor of Literature, *honoris causa*, at the afternoon ceremony on Sunday, November 17, "in recognition of an outstanding contribution to the Canadian academic community as an editor of vision and imagination, and through leadership in the establishment and realization of the *Dictionary of Canadian Biography*."

Halpenny received a BA from the University of Toronto in 1940 and completed her MA the following year. Her association with her alma mater continued throughout her long and distinguished career. Halpenny joined the editorial department of the University of Toronto Press in 1941, became an editor in 1957, and was appointed Managing Editor in 1965. She has been General Editor of the *Dictionary of Canadian Biography* (on both a full-time and part-time basis) since 1969, and in 1988 was appointed General Editor Emeritus. From 1972-78, Halpenny served as Dean of the Faculty of Library and Information Science and then for five years as the Associate Director (Academic) for the University of Toronto Press. In 1984, she became Professor Emeritus of Library and Information Science. Since 1967, she has taught courses in undergraduate library science as well as supervised several PhD candidates. Over the years, she has received honorary degrees from seven Canadian universities. Halpenny is a Fellow of the Royal Society of Canada, an Officer of the Order of Canada and was promoted to the rank of Companion in 1984.

Each year, Carleton University awards up to 800 entrance and in-course scholarships to undergraduate students who have demonstrated a high potential for academic achievement. These awards provide monetary incentives (a yearly total of $793,845) to attract and recognize academic excellence. The awards range in value up to $20,000 for Carleton's prestigious Chancellor's Scholarship.
